NeonPine – markings, labelling & packaging

1. On the product (rear cover, silkscreen or a durable label)

Marking	Requirement	Notes
CE mark, ≥ 5 mm high	EMC / RoHS	Proportions per Reg. 765/2008 Annex II
Crossed-out wheeled bin + producer ID or **date bar**	WEEE, EN 50419	If too small, may go on packaging, manual and warranty (WEEE Art. 14(4))
Model `NP-1`, hardware rev, **batch or serial number**	GPSR Art. 9(5)	e.g. `NP-1 B 2611-0042` (rev B, year 26 week 11, serial 0042)
Manufacturer name / trademark + postal **and** electronic address	GPSR Art. 9(6)	May go on packaging if it doesn't fit; a web address alone is not enough
EU economic operator (if the manufacturer is outside the EU)	GPSR Art. 16	
Rating: `5 V ⎓ 0.15 A` and the DC symbol (IEC 60417-5031)	good practice / IEC 60598	
"Indoor use only" symbol (IEC 60417-5957)	instruction support	
UK importer name and address (if importing to GB)	UK GPSR 2005	
FCC: model + responsible party (statement in the manual)	§15.19, §2.1077	see 05-fcc-sdoc.md
Country of origin "Made in `[…]`"	US customs	product or packaging

Rev B: implemented in the rear-cover silkscreen (`NeonPine-cover.kicad_pcb`, generated by `tools/cover.py`, see `docs/img/cover-and-stand.png`). The bracketed fields are placeholders in `tools/cover.py` – fill them in before ordering. The original proposal was:

```
NeonPine  NP-1  rev B          5 V ⎓ 0.15 A   [⌂ indoor]
S/N 2611-0042                  [CE]  [WEEE bin + bar]
[Company], [street], [city], [country] · [support e-mail]
Not a toy · Not for children under 14   Made in [country]
```

2. Packaging

- Product name, model, the manufacturer and EU operator addresses (if not legible on the product), CE, WEEE symbol (if not on the product).
- **Warnings** (in each language of sale):
- "Not a toy. Not suitable for children under 3 years: contains small parts and glass. Keep out of reach of children." *(choose the exact wording with the lab; recommended age 14+)*
- "Indoor use only. Use only with a certified USB power adapter (5 V)."
- Packaging material identification (PPWR (EU) 2025/40 as its labelling acts apply; national rules such as the French Triman/Info-tri and Italian D.Lgs. 116/2020 environmental labelling).

- Prop 65 warning for California if the lead content isn't excluded by the supplier declarations.
- Barcode (GTIN) and the batch code matching the product.

3. Documents in the box

- Quick start + safety instructions (../user-manual.md) in every language of the sales country.
- FCC compliance information statement (US SKU).
- Simplified EU DoC **or** a URL to the full DoC (`[https://…/doc/NP-1]`).
